Book Details:

Review: Damn... This book is very detailed and it makes me wonder how does he have such a grasp on all of these cross-cultural perspectives and practices. The first chapter is most important as it sets the foundation of typology as many people are symbol illiterate. This book is the backbone of predominate scholars. There are a few minor points that I contend...

Description: Egyptologist Gerald Massey challenged readers in A Book of the Beginnings to consider the argument that Egypt was the birthplace of civilization and that the widespread monotheistic vision of man and the metaphysical was, in fact, based on ancient Egyptian mythos. In The Natural Genesis, presented here in an omnibus edition, Massey delivers a sequel,...
